

HOUSING ELEMENT

Bound separately from the Draft 2030 General Plan

California State law requires that general plan housing elements be updated according to a mandated schedule and approved by the Department of Housing and Community Development. In 2010, Merced County adopted and had certified by the State an updated Housing Element that included a comprehensive assessment of current and projected housing needs for all economic segments of the community, and set forth housing policies and implementation programs for the period of 2007-2014. A copy of the Housing Element can be found on the Merced County Website at: www.co.merced.ca.us/index.aspx?nid=1170. For more information on the Housing Element, please contact the Merced County Planning Department.
