

At the N. W. corner of sec 1. I found a 6" x 6" post 1' below surface in centre of road running E & W at junction with road from North.

At the $\frac{1}{4}$ corner in North side of sec 1 I found a 6" x 6" post 2' below surface in centre of road running N & S.

With transit set on the $\frac{1}{4}$ corner I measured to N E corner and found distance 2640'. Set

- (1) Temporary stake at 1320' at bottom of West bank of Poso Slough
 - (2) 2" x 4" fence post at 1320' in dredged portion of slough
 - (3) Temporary stake at 1420'.
- all these three distances from transit

$\frac{1}{4}$ Cor
N. Line Sec. 1.
