

M&L FIELD BK 197

With transit in same position I set a 4"x4" redwood post 3' long at a distance of 1320' west of transit along the section line and measured the balance to the N.W. corner finding it to be 1320'.

At the South West corner of Sec 1. I found an 8"x8" post with nail sunk in centre set flush with the ground in alfalfa field.

S.E. Cor. Sec. 1. 1/12
