

M&L FIELD BK 147

I began at the S.W. cor  
of Sec. 1 and set 4' x 4'  
redwood posts 3' long  
2" above ground every  
660' along the West  
boundary of Sec. 1.

I found the balance at  
the North end to be  
668.6'

Thus the West boundary  
of Sec 1 is 5288.6'

I measured the South  
boundary of Sec 1 and  
found it to be  
5281.6' with 4' x 4'  
redwood posts 3' long  
at distances of

1320.4'

2640.8'

3961.2'

from the S.W.  
corner.

Posts in S line Sec. 1.
