SUBJECT: Request for Continuance of Public Hearing – Conditional Use Permit Application

An issue arose that will require the Final Environmental Impact Report (FEIR) be revised and re-circulated to those agencies that commented on the Draft EIR. Therefore, the project will need to be continued to the regularly scheduled December 5, 2012 Planning Commission public hearing.

Staff will be available at the November 14, 2012 Commission public hearing to answer any questions the commission or public may have related to this request.
